The beauty of Light  
LED

**Lupolux**  
Made in Italy

**Lupolux** has introduced a whole new range of high quality **LED Fresnels** to fully satisfy the needs of videographers and broadcasters worldwide. These products have a high light output and are equipped with a completely new generation of Poweredled arrays with high colour rendering index value (CRI).

The Dayled lights are silent running and have full DMX control for ideal use in a television studio, theatre or stage environment.

Dayled 650

# The beauty of Light

At just 90w for the Dayled 1000 and 50w for the Dayled 650 they deliver a huge reduction of power consumption and are easily powered through mains or 14 V batteries.

All Lupolux lights are made in carbon fibre, a high-tech material which guarantees lightness, portability and sturdiness.

There is a full range of accessories available including stands, support for fixtures, clamps, pole operated yokes, bags, DMX accessories and light shaping tools.

## **Main features:**

- 50 W and 90 W models (equivalent to 650 W and 1000 W)
- Focusable (spot or diffused light)
- 5600 K or 3200 K
- Mains or li-on batteries operated
- Dimming 0 – 100
- DMX control integrated
- LCD display
- Flicker-free for video use
- True Fresnel lens

Dayled 1000

## Dayled 650 (DAL 02)

---

- Equipped with a 50 W Poweredled array
- Extremely light (carbon fibre)
- Extremely low power consumption (50 W) and high light efficiency (650 W)
- Spot or flood light
- Hot restrike
- 0 - 100 dimming
- 14 V battery connection
- DMX connection
- High CRI value
- Consumption: 50 W
- LED colour temperature: 5600 K or 3200 K
- Voltage: 90 V - 240 V
- Yoke: included (available on request special handle for portable use with battery)
- Fresnel lens: 120 mm
- Weight: 2.5 kg
- Dimensions: 190 mm x 160 mm x 180 mm
- LED life: 50000 h

## Dayled 1000 (DAL 04)

---

- Equipped with a 90 W Poweredled array
  - Extremely light (carbon fibre)
  - Extremely low power consumption (90 W) and high light efficiency (1000 W)
  - Spot or flood light
  - Hot restrike
  - 0 - 100 dimming
  - 14 V battery connection
  - DMX connection
  - High CRI value
  - Consumption: 90 W
  - LED colour temperature: 5600 K or 3200 K
  - Voltage: 90 V - 240 V
  - Yoke: included
  - Fresnel lens: 150 mm
  - Weight: 3.5 kg
  - Dimensions: 210 mm x 260 mm x 230 mm
  - LED life: 50000 h
